

Experience

As for me everyday is a learning experience. It's impossible to know everthing but I get to practice on my craft as much as possible.

Here are the technologies that I've been working with recently;

- HTML5
- CSS3
- ES6+
- React
- Netlify
- Figma
- Python3
- Flask
- Java
- PHP
- Spring Boot
- Heroku
- MySQL
- SQLite3
- PostgreSQL
- VSCode
- Eclipse IDE

If you would like to know more about me or are simply curious feel free to download my CV or get in touch.
